Nonresponsive Conference Code

If you could please invite the people that should be involved in your region as well as the State of NM folks please. I am only aware of our regional water contact has been speaking with Angela Restivo (214.316.2129) from your office and someone in Public Affairs as well. I would appreciate you inviting them as well.

We would like to provide a status update as we currently know and discuss having a call with San Juan County, NM health department.

Thank you!

Luke
